

Custom Wallpaper

absolute individuality

Custom Wallpaper is one of many digital interior solutions that allow for total creativity and guarantee absolute individuality.

Gone are the days of factory standard patterns... Through a simple yet innovative process, **Custom Wallpaper** can be produced straight from a digital file, allowing for total creative freedom and can be installed as easily as hanging traditional wallpaper.

Custom Wallpaper patterns can be designed by our in-house art department according to the customer's brief or they can be derived from artwork provided by the customer. Either way, aesthetic preferences are simple to apply and are only limited by one's imagination.
